POM-276. A concurrent resolution adopted by the House of Representatives of the Legislature of the State of Louisiana relative to amending the No Child Left Behind Act; to the Committee on Health, Education, Labor, and Pensions.

#### HOUSE CONCURRENT RESOLUTION NO. 30

Whereas, the No Child Left Behind Act of 2001 requires that paraprofessionals who are employed in Title I schools meet high standards of qualification and requires that students who need the most help receive instructional support only from qualified paraprofessionals; and

Whereas, for the purposes of No Child Left Behind, a paraprofessional is defined as a school employee who provides instructional support in a program supported with federal funds pursuant to Title I of the Elementary and Secondary Education Act; and

Whereas, this definition includes a paraprofessional who provides instructional support in any manner as follows:

- (1) Provides one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher;
- (2) Assists with classroom management such as organizing instructional and other materials;
- (3) Provides instructional assistance in a computer laboratory;
- (4) Conducts parental involvement activities;
- (5) Provides support in a library or media center;
- (6) Acts as a translator; and
- (7) Provides instructional support services under the direct supervision of a teacher; and

Whereas, in compliance with the requirements of No Child Left Behind, Louisiana has developed different pathways for para-

professionals who are employed in Title I schools to choose from in order to meet the definition of "highly qualified"; and

Whereas, these choices include taking forty-eight semester hours of relevant course work or taking and passing a paraprofessional academic assessment instrument; and

Whereas, these choices and the requirements of No Child Left Behind do not take into consideration the fact that some of these paraprofessionals were employed in public school systems prior to the enactment of No Child Left Behind and have many years of experience serving in such capacity; and

Whereas, there are concerns among many about the financial burden that the requirements of No Child Left Behind place upon paraprofessionals who receive minimal salaries and cannot afford the college courses, test preparation, or test costs; and

Whereas, although many local school systems in Louisiana are assisting paraprofessionals in paying these costs, there are other issues involved that make these requirements extremely difficult, if not impossible, for some paraprofessionals to meet—especially those who work in rural areas of the state and may not have access to postsecondary education; and

Whereas, these burdens have resulted in the loss of many paraprofessionals from the public schools in this state who have been forced to seek other types of employment; and

Whereas, paraprofessionals employed in Title I schools play a very important role in improving student achievement and many of them have been employed in such schools for a number of years and their experience and expertise in their jobs is a tremendous asset to public education; and

Whereas, because the legislature values these employees for the crucial role they play in public education and wants to keep them in our public schools where they can continue to make a difference in students' lives, it is imperative that all steps necessary be taken to remove these burdens which are forcing many of the more experienced and qualified paraprofessionals to leave the public education system: Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the United States Congress to take such actions as are necessary to amend the No Child Left Behind Act to provide that paraprofessionals who were employed in Title I schools prior to the enactment of the No Child Left Behind Act shall be deemed to have met the definition of "highly qualified" for purposes of such legislation due to such employment and the experience gained as a result of such employment; and be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.

POM-277. A resolution adopted by the Senate of the State of Michigan relative to enacting legislation reauthorizing the Ryan White Care Act to provide comprehensive care for the neediest victims of HIV/AIDS; to the Committee on Health, Education, Labor, and Pensions.

#### SENATE RESOLUTION NO. 95

Whereas, The numbers of children, youth, and particularly young women who are infected with HIV or have developed AIDS are increasing. In the United States, more than 9,000 children under the age of thirteen are living with HIV/AIDS. Of the nearly 40,000 Americans infected every year with HIV, nearly fifteen percent are under twenty-five

years of age. Among the newly infected in the age group of thirteen to nineteen, fifty-eight percent are women; and

Whereas, Children and young people infected with HIV and living with AIDS have unique needs for specialized medical services and psychosocial support. Programs funded under the Ryan White CARE Act successfully deliver family-centered, coordinated health care and support services for women, children, youth and families. These programs have played a significant role in reducing the number of mother-to-child HIV infections from 2,000 to fewer than 200 per year; and

Whereas, Recent patterns in the United States show that HIV/AIDS increasingly affects African Americans, Latinos, and other racial and ethnic minorities. In 2004, minorities accounted for almost three-fourths of new cases of AIDS in an HIV/AIDS surveillance report by the Centers for Disease Control and Prevention (CDC). Of these newly identified AIDS patients, 48 percent were African Americans and 21 percent were Latinos. The rate also continued to rise among women, who accounted for 27 percent of new AIDS cases in 2004. Of these women newly diagnosed with AIDS, 67 percent were African Americans and 15 percent were Latinas; and

Whereas, In his State of the Union address, President George W. Bush supported reauthorization of the Ryan White CARE Act to encourage prevention of HIV/AIDS and provide care and treatment for the neediest HIV/AIDS victims. The Secretary of Health and Human Services proposed five guiding principles to reauthorize the Act. First, serve the neediest victims of HIV/AIDS. Second, focus on delivering life-saving and life-extending services. Third, increase prevention efforts through more routine testing. Fourth, increase the accountability of states and organizations receiving federal funds. Fifth, give the federal government flexibility to reallocate unspent funds. By following these principles, care will be delivered to the neediest patients that will help them live longer and healthier lives: now, therefore, be it

*Resolved by the Senate*, That we memorialize the Congress of the United States to enact legislation reauthorizing the Ryan White CARE Act; and be it further

*Resolved*, That copies of this resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.
